

The map displays the Praz valley area, showing the distribution of sampling points for the 2017-2018 survey. The points are categorized by color: red (100 points), green (100 points), and blue (100 points). The map includes labels for various locations and roads, such as Pully, Le Défran, and Praz valley. The sampling points are distributed across the valley, with a higher concentration in the central and lower parts of the map. The map also shows the location of the 'Praz valley' and 'Praz valley' areas, which are the focus of the study.
