

The map displays a residential area with various streets and a river. The distribution of vegetation is as follows:

- Red dots (1):** Concentrated in the upper right quadrant, primarily along the main road (Hauptstrasse) and surrounding streets like Gässliweg and Erleweg.
- Blue dots (2):** Located in the central part of the map, mostly along the main road and streets like Hintere Gasse and Riedmattweg.
- Green dots (3):** Found in the lower left quadrant, primarily along the main road and streets like Mühleweg and Chasseralweg.

Three numbered circles (1, 2, 3) highlight specific clusters of dots. The river is located at the bottom of the map.
